

Newsletter: Spring term 2020

Dear Colleague

A very Happy New Year from Elemi! Our newsletters aim to bring you our latest publishing news and information on teacher events.

Expanding the A-Z series to Maths and French B

Now published! We're delighted to let you know that the two latest titles from Elemi are now available:

A-Z for Maths: Applications & Interpretation

A-Z for French B

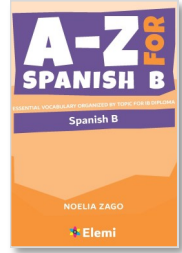

Come meet us in London or Bangkok!

Dedicated to support the needs of international students around the world, we are thrilled to be welcomed by the **IBO** to attend the **IB Global Conference Bangkok**, from 17th - 19th March 2020. If you're going - do come say Hello.

Before that on 1st February, we shall be at the **ISMLA** conference in London 2020 when we look forward to saying Bonjour! and ¡Buenos días! to Modern Languages teachers.

Another great event for teachers!

Coming soon

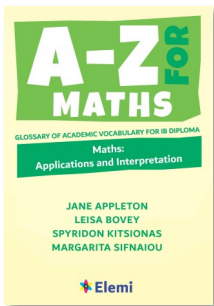

Expertly compiled vocabulary and language organized by theme and sub-topic for IB DP

We're excited to be inspired at the IBO World Conference and by the wonders of Bangkok!

What teachers say about A-Z for Maths: Applications & Interpretation

Teachers have told us how they think *A-Z for Maths: Applications & Interpretation* will help their students to:

- * consolidate and apply knowledge of **key mathematical vocabulary** and **command terms**
- * learn essential mathematical terminology at **SL and HL**
- * develop **cognitive academic language proficiency (CALP)** and improve fluency (eg when analysing graphs or interpreting data)
- * transition to DP and where students' home language is not English.

One IB DP Maths teacher said:

*“Many students come to the IB Diploma from different systems and curricula; the glossary would definitely make the transition **easier and less stressful.**”*

*“I think colleagues like me will find the glossary **very** helpful. I like the fact that it has all the terms in one place.”*

Ms Naima Bouhraoua, Dwight School Dubai

Elemi resources available to IB schools all over the world
